

DET-20 DOUBLE END TRIM SAW

The Go Fast Double-End Trim Saw is a fast acting, adjustable head system that can process up to 4-1/2" tall material. This machine's sturdy construction, quick cycle time, and simplicity will add to any operation.

MULTIPLE OPTIONS AVAILABLE: Our standard DET-20 is perfect for cutting boards and lumber. Cutting something bigger? Ask about our cant package. With a 10HP blade motor upgrade and the addition of HD chain cogs, these trimmers are the perfect saw for any job.

QUICK AND EASY: simply adjust your cut length with the turn of a handle. The moveable saw head is easy to adjust and can be moved on-the-fly.

"Most of our applications are for finished goods and it has improved the time it takes us to cut material to lengths specified by our customers over our previous method."
